EYFS	40-60 months: EXPRESSIVE ARTS AND DESIGN: EXPLORING AND USING MEDIA AND MATERIALS <ul style="list-style-type: none"> • Explores what happens when they mix colours • Experiments to create different textures • Understands that different media can be combined to create new effects EXPRESSIVE ARTS AND DESIGN: BEING IMAGINATIVE <ul style="list-style-type: none"> • Create simple representations of events, people and objects • Chooses particular colours to use for purpose 			ELG: EXPRESSIVE ARTS AND DESIGN: EXPLORING AND USING MEDIA AND MATERIALS: Children sing songs, make music and dance, and experiment with ways of changing them. They safely use and explore a variety of materials, tools and techniques, experimenting with colour, design, texture, form and function. EXPRESSIVE ARTS AND DESIGN: BEING IMAGINATIVE: Children use what they have learnt about media and materials in original way, thinking about uses and purposes. They represent their own ideas, thoughts and feelings through design and technology, art, music, dance, role play and stories.

Make and use a sketch book that includes pockets and flaps.	Make own papers to use in a sketch book or journal.	
DEVELOPING IDEAS	Draw from or talk about experiences, creative ideas and observations.	Develop ideas from a variety of starting points, including the natural world, man-made objects, fantasy and stories.	Identify interesting aspects of objects as a starting point for work.	Select and record visual and other information to develop ideas on a theme.	Explain how an idea has developed over time.	Explain intentions when developing ideas, identifying any changes and improvements made as work progresses.	
SELECTION	Describe the sensory properties of a range of different materials and decide which ones to use when making something.	Choose appropriate materials and techniques for a given project.	Explain the purpose of a given task and identify the ideal materials and tools for the job.	Investigate, combine and organise visual and tactile qualities of materials and processes when making something.	Combine a range of media within a piece of work and explain the desired effect.	Describe how the techniques and themes used by other artists and genres have been developed in their own work.	
 DRAWING	Use lines to represent a shape or outline.	Use line and tone to draw shape, pattern and texture.	Use a range of drawing media to draw natural and man-made items, giving attention to pattern, shape and form.	Draw from close observation to capture fine details.	Use simple rules of perspective in drawings of figures and buildings.	Use a variety of media to represent light, shade, form, pattern and texture in a range of drawing work.	
DRAWING – LINE AND TONE	Use lines of different thickness.	Use tone to show light and shade.	Use line to add surface detail to a drawing, print or painting.	Use tone to emphasise form in drawing and painting.	Use cross-hatching to add tonal detail.	Use pen and ink to add line, tone and perspective using a tonal ink wash.	
DRAWING – PATTERN	Create a simple pattern using colours and shapes.	Create patterns using natural materials (e.g. pebbles, sticks, shells, leaves and petals).	Imprint a range of patterns into modelling materials (e.g. clay, dough and papier mâché).	Use bold colour and geometric shapes to create a graphic-style print.	Use rubbing techniques (frottage art) to collect patterns and textures.	Use pattern to add detail, movement and interest to a piece of work.	
DRAWING – PERSPECTIVE AND COMPOSITION					Begin to use simple perspective in their work using a single focal point and horizon	Begin to develop an awareness of composition, scale and proportion in their paintings e.g. Foreground, middle ground and background Show an awareness of how paintings are created	
 DIGITAL MEDIA	Explore ideas using digital sources e.g. Internet Record visual information using digital cameras and iPads	Use a simple graphics package to create images and effects with lines by changing the size of brushes in response to ideas Use eraser, shape and fill tools Use basic selecting and cropping tools	Record and collect images using digital cameras and iPads Present recorded visual images using software e.g. Photostory, photoshop Use a graphics package to create images and effects with lines by controlling the brush tool with increased precision Changing the type of brush to an appropriate style e.g. charcoal	Create shapes by making sections to cut, duplicate and repeat Experiment with colours and textures by making appropriate choice of special effects and simple filters to manipulate images for a particular purpose	Record, collect and store images using digital cameras and iPads Present visual images using software eg photostory, PowerPoint Use a graphics package to create and manipulate their images Be able to import an image (scanned, retrieved, taken) into a graphics package	Understand that a digital image is created by layering Create layered images from original ideas (sketch books etc...)
