

Titchmarsh Primary School

Sports Premium Funding

2019 - 2020

What is the School Sports Premium?

As part of the Olympic legacy and the Sugar Tax, the Department of Education and the Department of Health have made £300 million available to all Primary Schools in the United Kingdom. This equates to a grant of £16,000 per school, plus an additional £10 per pupil in Key Stages One and Two.

The funding is ring-fenced, meaning that it can only be spent on improving the provision of physical education, school sport and healthy, active lifestyles. Suggested uses for the money include, but are not limited to:

- Hiring specialist PE teachers or qualified sports coaches to work with primary teachers when teaching PE.
- Supporting and engaging the least active children through new or additional Change4Life clubs.
- Paying for professional development opportunities for teachers in PE and sport.
- Providing cover to release primary teachers for professional development in PE and sport.
- Running sport competitions, or increasing pupils' participation in the School Games.
- Buying quality assured professional development modules or materials for PE and sport.
- Providing places for pupils on after school sports clubs and holiday clubs.
- Pooling the additional funding with that of other local schools.

Initially planned as a two year scheme, it has recently been announced that the sports premium funding will continue until 2020.

The Sports Premium Grant

Funding for schools is calculated by the number of primary aged pupils (between the ages of 5 and 11). All schools with 17 or more primary aged pupils will receive a lump sum of £16,000 plus a premium of £10 per pupil. For Titchmarsh Primary School this calculates as follows:

- Total number of primary aged pupils between the ages of 5-11 (Jan 2019) = 78
- Total amount of Sports Premium Grant received = £16,780

The number of pupils at the establishment is based on January 2019 figures. Therefore the number of pupils at the school in January 2019 will be used to allocate the amount of funding received in the 2019-20 academic year.

Spending

Titchmarsh primary school will receive £16,780 Sports Premium Funding in this academic year plus a carry forward of £7, 640 from last year. Totalling this year's spend as **£24, 420**

<u>Cost</u>	<u>Use of funds to date and proposed actions:</u>	<u>Impact</u>
£7,020.00	Stevey T Training Educational Model	To engage 6 wider school staff in the delivery of school sport and physical activity. See Pupil Voice. 55% of school pupils have attended an after school sports club.
£895.00	PWS - School Games membership	Gold School Games status. 100% KS2 attendance at Intra/inter level games
£1,000.00	Lunchtime sports leader: Change4Life and Challenge Champion clubs	Gold School games status. 11% of our least active children attended sporting events. 6 personal challenges set and run through lunch times using the Challenge Champions. 22% of the pupils in the school developed their leadership skills

		through 'Challenge Champions' and the Sports Council.
£100.00	Peter Harding: Tennis Coaching	KS2 have links with local tennis clubs
Free	Northants Recreational Cricket – Cricket Coaching	KS2 have links with local cricket clubs
£132.00	Bikeability level 1/2	75% of children in KS2 attended Bikeability training to gain their Level1 and Level 2 certificates.
£2,345.00	Transport to events	100% pupils attended at least 1 inter-school competition.
£1,480.00	Tournament Training - Premier Sports	100% pupils attended at least 1 inter-school competition.
£4,739.00	Updating resources	See Pupil Voice
£1,794.00	Cross Curricular/ Taster Days	See Pupil Voice
£545.00	Active Learning Tool Kit	Teachers to ensure the children are accessing 30 minutes of physical activity every day.
£751.00	Tournament kit/staff PE kit	Staff keen to support after school tournaments. Parents have commented on uniformity of the team.
Total spend £20801	Carry forward: £3619	

Curricular Provision

The PE curriculum map has been developed each year to reflect the changing needs of the pupils at the school. In addition to the PE specialist working alongside teaching assistants (one full day a week), two further clubs are provided by the specialist PE teacher for the pupils to optimise their learning opportunities.

Pupils in KS2 take part in swimming lessons provided by Freedom Leisure. Every child swims for one hour a week for 10 weeks in order to achieve the KS2 national standard. This is repeated yearly or until they reach this standard.

Currently 84% of pupils within Year 6 can swim competently, confidently and proficiently over a distance of at least 25 metres. 84% of pupils within Year 6 can use a range of strokes effectively. 84% of pupils within Year 6 can perform safe self-rescue in different water-based situations.

Extra-Curricular Sports Programme

Children across KS1 and KS2 have access to after school and before school sports clubs. These include: Gymnastics, Basketball, Multi-Sports, Football, Tennis, Rugby and Street Dance. Children regularly have the opportunity to take part in inter-school competitions as part of the Sainsbury's School Games and other cluster events.

Monthly intra-school level competitions are held such as Boccia, Indoor Athletics, Basketball, Hockey, Cricket and Rugby to allow children to develop their skills and participate in friendly house competitions during the school day.

Premier Sports deliver a Tournament Training club every Friday lunch time to help develop sport specific skills such as Basketball, Athletics, Cross Country, Hockey etc. This will help to raise the profile of tournaments and the attendance at these events.

Sit Less Move More Campaign

Staff at Titchmarsh Primary School have been informed of the benefits of increasing children movement throughout the school day. We are aiming to ensure our children are increasing their movements by 30 minutes a day through regular brain breaks. The teacher's also have access to a tool kit called 'Active Learning'. This scheme promotes the use of physical activity during Maths and English lessons. Year 6 has also been trialling the daily mile, which we hope to embed next year.

Sports Premium Impact Report for 2019-2020

Reviewed April 2019

Developing learning and teaching through PE Specialists -

Titchmarsh School has bought into the Stevey T training educational model. This allows a part time member of staff PEO (Physical Education Officer) to support the school for approx. 130 hours throughout the academic year.

This PEO will work closely with our PE Coordinator to develop PE and sport across the school. The aim this year is to provide in school support for staff to further their knowledge, understanding and teaching of PE.

The the PEO will plan the delivery of the lessons and assess the children's progress. The PEO will liaise with the teacher to discuss assessments and progress. The PEO will work alongside staff on their delivery of Physical Education with a 7 week training programme to help with the suitability of Physical Education.

Throughout the year, the PEO will act as point of contact for all school staff should they have any questions or support needs related to aspects of school sport and PE.

Through the support of a PE Specialist, teaching staff have been up-skilled and their subject knowledge increased. Consequently the confidence of teachers to deliver high quality lessons has improved. All staff wear PE kit to model the importance of wearing appropriate kit and this ensures teachers are able to model key skills to children effectively.

This has benefited the school/pupils by:

- Taking admin work away from teachers to allow them to focus on curriculum delivery
- Making the school better prepared for a Government Inspection
- Providing the baseline measurements for assessing the impact of the Sports Premium Funding
- Improving PE provision and preparing for the National Curriculum
- Providing pupils with better PE and sport, therefore better opportunities to develop their athletic, personal and social skills.
- Providing a wider range of physical activity, allowing each child to find an activity for life and develop a broader range of skills.
- Increased motivation toward and ownership of learning.

Pupil Voice

A pupil survey was carried out and showed that in KS2:

76% of children enjoy PE and School Sports.

78% of children find PE lesson interesting.

47% of children have attended an inter school tournament.

65% of children have attended an intra school tournament.

55% of children attend a before or after school sports club.

67% of children attend another sport clubs outside school.
